*Students whose native language is Italian must attend German language courses. Students whose native language is German must attend Italian language courses. Students of other native languages must attend both Italian and German language courses.

CAREER PATHS

- The programme is designed for students who aspire to become qualified medical practitioners. A variety of careers await you as a medical graduate. Due to the innovative curriculum, you will be able to start a career in both basic and clinical scientific research.
- Università Cattolica's Degree Programme in Medicine and Surgery is valid academically in all of the EU and many other countries for residency study or professional activity (you need to monitor local regulations for getting a license to practice).

Admission information - general requirements

High School Diploma

Your high school qualification has to:

- Be conferred after min. 12 years of previous global schooling
- Satisfy the requirements for access to university in the awarding country

If, in your home country, admission to university-level studies is subject to a special exam (e.g. ENEM/ Vestibular in Brazil, YKS in Turkey, Gaokao in China, etc.), you must give evidence to have passed such selection with the required scores.

You are not required to have any specific science subjects or grades, but are strongly advised to refer to the "List of topics to study for the scientific questions" document on the website to prepare adequately for the entrance exam.

For more details on entry requirements and entrance exam preparation, please refer to international.unicatt.it › [Admission and tuition](#)

The curriculum may be subject to variations. Details and updated info › international.unicatt.it

Admission requirements

Entrance exam

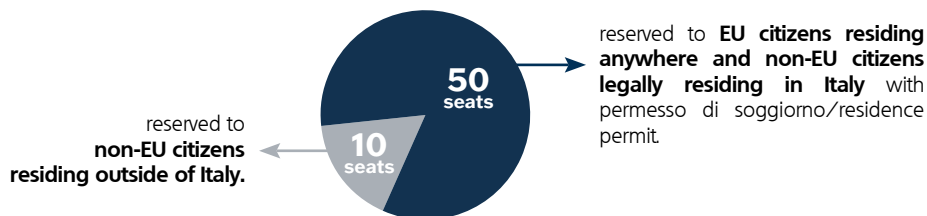

Admission to the Single-Cycle Master's Degree Programme in Medicine and Surgery is subject to the applicant's performance and subsequent ranking in Università Cattolica's very own entrance exam.

Entrance exam content and preparation

EU ranking	NON-EU ranking
The Entrance Exam will be held in person at suitable test centres in Italy and abroad in multisession mode.	The Entrance Exam will be administered remotely with the use of a proctoring system , allowing candidates to take the exam from home.

The programme has a **maximum capacity of 60 places** divided as follows:

In the case of students with **double nationality**, if one is of an **EU country**, it **will prevail** for the purpose of the final ranking of the Competition Call (art. 19, comma 2, of L. n. 218/1995).

Application timeline

Publication of the Competition Call	Opening of the applications	Application deadline	Entrance exam date	Admission feedback
January 16, 2024	January 16, 2024	April 24, 2024	May 18, 2024	EU: May 23, 2024 NON-EU: May 28, 2024
