Cattolica International Curriculum - Spring 2024

Online registration

Withdrawal

The Cattolica International Curriculum has been created specifically **for international students only** and courses are formulated to have an international teaching approach.

The curriculum is managed by the Cattolica International department and this means that it operates in a different way to the wider Cattolica Academic Curriculum.

There are **limited spaces available** in the International Curriculum courses, so **students are required to complete the Online Registration**, where they secure their spot in the courses they want.
