Visa Requirements

Non E.U. Citizens require a visa for a stay of longer than three months (90 days). Students need to request a student visa at the Italian embassy or consulate of your jurisdiction.

Below you will find the basic application requirements. However, it is important that students verify their consulate's web site for any additional requirements:

- Admission letter issued by host institution
- Passport
- Student visa application to be submitted in person
- Proof of enrolment at home institution

- Affidavit of financial support
- Proof of adequate health insurance coverage outside your country
- Flight itinerary

Please refer to our [website](#) for post-admission for non-EU students.

Once in Italy, you will have to apply for a Residency Permit. All information will be provided at the Welcome Days.

Residency Permit Requirements

If you are a non-EU Citizen holding a visa, you will have to submit an application for a Residency Permit (permesso di soggiorno) within 8 days of your arrival into Italy. The Residency Permit will be issued by the local police (Questura). You will require the following documents:

- An Application Form ('yellow kit') available from any Post Office
- Your passport and the photocopy of every page of your passport (one copy per page)
- VISA documentation and any letter issued and stamped by the Consulate (make additional photocopies)
- Admission letter issued by Cattolica International and available for download on the enrollment portal, after you have completed your application
- A copy of your health insurance

The total amount of fees you will have to pay is €116.46 (subject to change)

After submitting the form at any Post Office, you will be given a receipt. Please keep it in a safe place as proof of your application.

Further details on how to apply for the Residency Permit are available on our [website](#).

Travel Insurance

Your health insurance will likely not cover any damage or loss of belongings during travel and stay in Cremona. We highly advise you to insure your most precious and expensive belongings such as laptop and other electronics. Travel insurance would also cover any loss of important documents such as passport, credit cards, etc. Your travel insurance may also cover emergency medical expenses and medical evacuation. Do a search and compare the benefits and see how they complement your health insurance abroad.

Never leave your belongings unattended anywhere on campus, library, computer lab, etc. Do not mail your laptop as it will be held at customs and will only be released by paying a customs fee.

Medical Insurance

If you are a citizen from either a **EU Member State or an EEA country** or of Swiss nationality, you should have a European Health Insurance Card (EHIC, Italian acronym: TEAM) obtained in your home country from your national healthcare authority. The European Health Insurance Card (or EHIC) allows to receive medical treatment in another member state for free, or at a reduced cost. The patient will be charged for prescriptions, medical examinations, oral and dental care.

Non-EU Citizens must purchase International Health Insurance protection to cover any cost related to medical treatment and/or admission to hospital.

Please refer to

› [WAITALY](#) for further details. The cost is of €91 for 6 months or €140 for a year. Higher levels of cover are also available

Note: An insurance policy is compulsory if you apply for a Residency Permit (Non EU Students only).

WHAT TO BRING TO CREMONA

Documentations

Check-list

- A valid passport/ID card
- A valid student visa (if applicable)
- Travel itinerary/ticket
- Travel insurance
- Health insurance
- Credit cards & other cards
- Any medical certificates
- Admission letter issued by Cattolica
- Four colour and original passport size photos (3 x 4 cm). They can not be scanned.

Documentation Guidelines

Make additional copies of all your documents, certificates, cards etc. Keep copies in a safe place in your home country, and bring the rest to Italy. When traveling remember to keep copies in both your hand luggage and check-in luggage. Upon arrival keep all documents in a safe place in your apartment.

For further safety measures, scan all your documents, certificates, cards etc and email them to yourself as attachments. Bring receipts of any electrical goods such as laptops, cameras, mobile phones, etc. This ensures when and where the items were purchased.

Packing

The weather in Cremona varies considerably depending on the season. December to February are the coldest months, but April usually brings nice spring weather. July and August are the hottest months.

Students on campus generally dress informally but you may want to bring with you something more formal for special events. You can find everything in Cremona so don't worry if you forget to pack something.

You will need to buy plug/power adaptors for your electrical devices. Electricity in Italy and Europe comes out of the wall socket at 220 volts. The Italian plug is the two or three round-prong socket.

Medication

You should verify the availability of certain drugs in Italy, but we suggest that you stock up from home on any specific medication you will need during the stay.

Check the custom restrictions for importing medication as you do not want to have it confiscated at customs. For safety measures, ask your General Practitioner (GP) to write a letter advising of the specific medication you will bring with you.

Pharmacy

Many medications that you purchase over-the-counter in other countries are available only by prescription in Italy.

Hospitals

If you require more serious medical assistance you will need to visit the hospital. Remember to always bring a copy of your health insurance or Health Insurance card. If you require an interpreter, please ask the International Office to arrange one for you (this may attract a fee).

ACCOMODATION IN CREMONA

We have reported below a list of accommodation options in Cremona. We strongly recommend that you book some temporary accommodation for when you first arrive. This will allow you some time to check out other options for the semester or meet other students and share a flat.

Renting an entire flat ranges between €400 and €900 per month. If you rent a room in shared accommodation, the monthly cost will be around €350.

Registering for Cattolica Courses

You may attend as many courses as you want and within three weeks from the beginning of the lectures you must decide which courses you want to confirm for the rest of the semester.

Attending a course does not mean you are supposed to take the exam.

For instance, you can attend 5 courses but decide to take 4 exams.

Remember that you will not have any written proof of your attendance to the courses unless you take the corresponding exams.

Note: You will not get any credit by Cattolica International if you take a class but drop (or fail) the exam at the end of the semester

The Italian Grading System

The Italian Grading System ranges from 18/30 (=pass) to 30/30. The highest mark is 30eLode (with distinction). All the exams under 18/30 are considered as "not passed" and thus are not registered on the final Transcript of Records.

1 ECTS corresponds to 1 CFU (Credito Formativo Universitario).

LIVING IN CREMONA

Cremona is in the heart of the Italian agricultural food production. The city is ideal for living and studying. Cremona boasts Roman origins and a long history of agriculture interwoven with art and culture. This can be seen in the historic center, organised around the central piazza and its medieval and Renaissance monuments: the cathedral, the baptistery, the tower, and the council buildings.

In this lively and cosy city, where gastronomic pleasures are valued as much as hard work, we can still find the panoramic views and the intellectual stimuli that inspired the music of Claudio Monteverdi, the painting of Sofonisba Anguissola belonging to the late Renaissance, and the many generations of Cremona violin makers.

Cremona is dedicated to Sport and Culture. This can be seen in the indoor and outdoor sports facilities, the cinemas, the opera and theatre seasons, and the international character and dance cycles which are held in the city.

Mail

To locate a post office look for the yellow and blue PT sign. For mailing cost information consult the Italian Post web site:

› [Poste Italiane](#)

If you need to mail important documents or fragile items we would advise you send them by recommended mail, courier, or through express mail services, such as DHL, UPS or FedEx. Postal & customs taxes are very high depending on the weight and the value of the package content.

Please note that if you are going to get packages delivered to our office, this is the procedure you are required to follow:

1. inform us that you are expecting a package and the estimated delivery date;
2. since our office is not authorized to keep cash money, you are kindly requested to leave us the amount you are supposed to pay at least a couple of days before the foreseen delivery date.

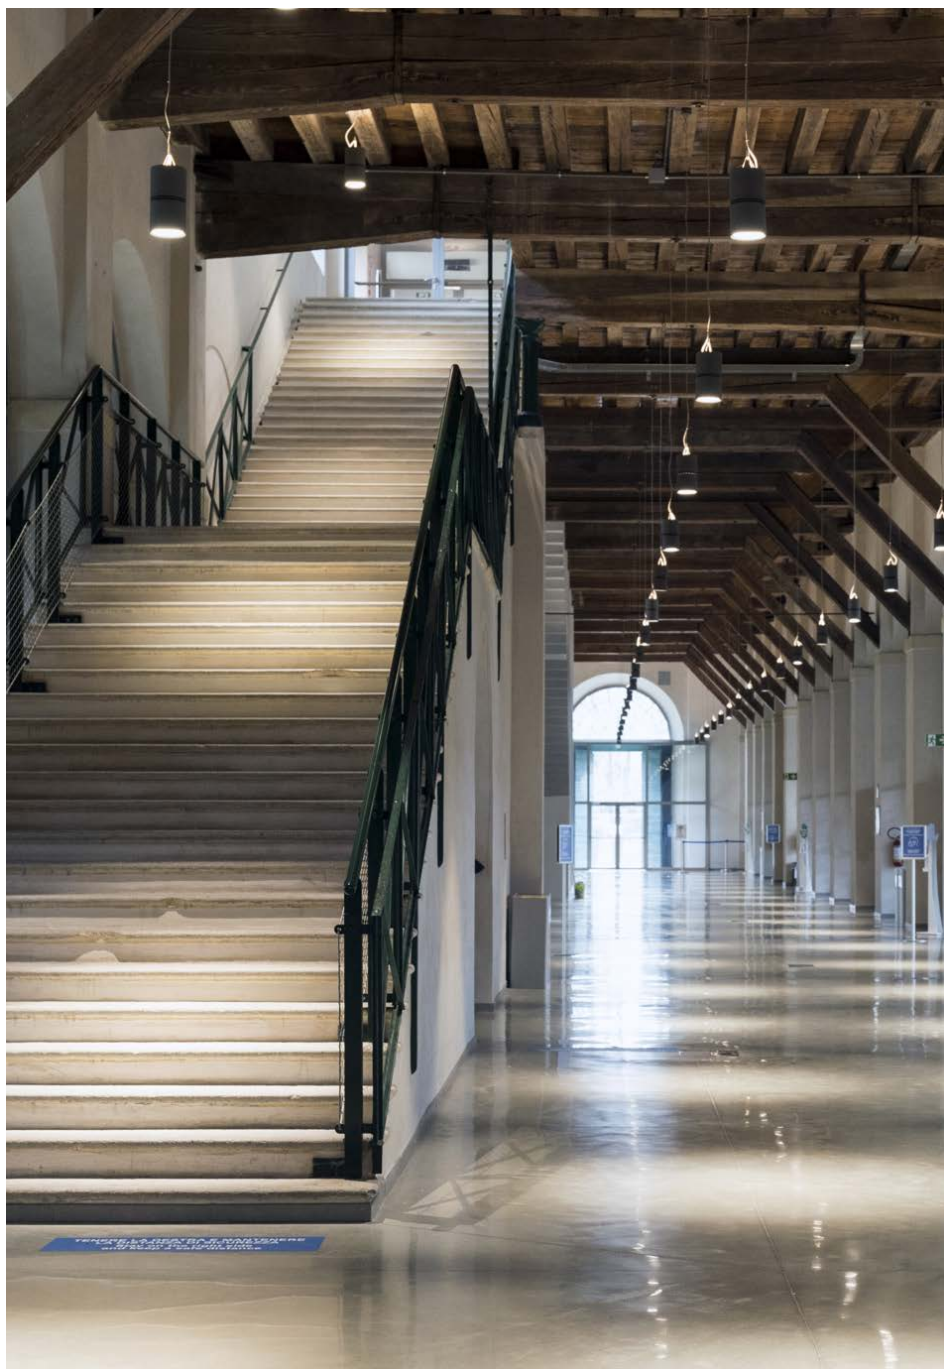

Please note that if you don't respect this procedure, Cattolica International will not accept the package and it will be sent back to the post office head quarters.

Telephone

The most convenient way to keep in touch with your new Italian friends and family back home is the mobile phone. You can purchase an unlocked GSM phone back home and get an Italian SIM card at local providers such as TIM, 3, Vodafone or Wind. Only triband and quadband phones will work in Europe. Check with your home mobile phone service provider to find out if your current phone (once unlocked) can support an international SIM card. Once in Italy, you may look into signing up for a plan offer or simply getting prepaid/rechargeable service. If you do not have a GSM phone purchased at home you may also buy one at a reasonable cost once in Italy.

Internet Connection

On campus you will benefit from our wi-fi connection.
