- If the APP calendar indicates your right to access (dot circled in green) you can:
  - Attend the face-to-face or online lessons (if scheduled during the day) in dedicated classrooms, using your devices (pc/tablet/mobile phone and earphones).
  - Access the University services that you have pre-booked (Library, Student Services, Bookshop etc.) following the protocols indicated by each individual service.

It's obligatory to confirm or decline attendance at the University via the APP at least 48 hours in advance by clicking on the dates circled in green. If the symbol becomes a green dot your attendance is confirmed, if the symbol becomes a red dot your absence is confirmed.

# Access on days other than those assigned for lessons (only in the case of shifts)

- When you see a date on the calendar circled in orange it means that a student enrolled in your same academic year cannot attend the lesson; you can then proceed to book this place even if you did not initially have the right to access it.
- If you are the first to select the presence option, you reserve the right of access and the orange circle will change to a green dot, confirming your booking.
- If you have previously given up access, you will not find the orange circle. You must check if there are still free places by selecting the date of interest and, if there are places available, you can book access.

# Free classrooms for study

- On the days when the calendar authorises your class presence, you will also be able to access the free classrooms for study.
- To view the free classrooms at your campus, simply select the desk symbol or the 'Free classrooms' function on the APP menu.

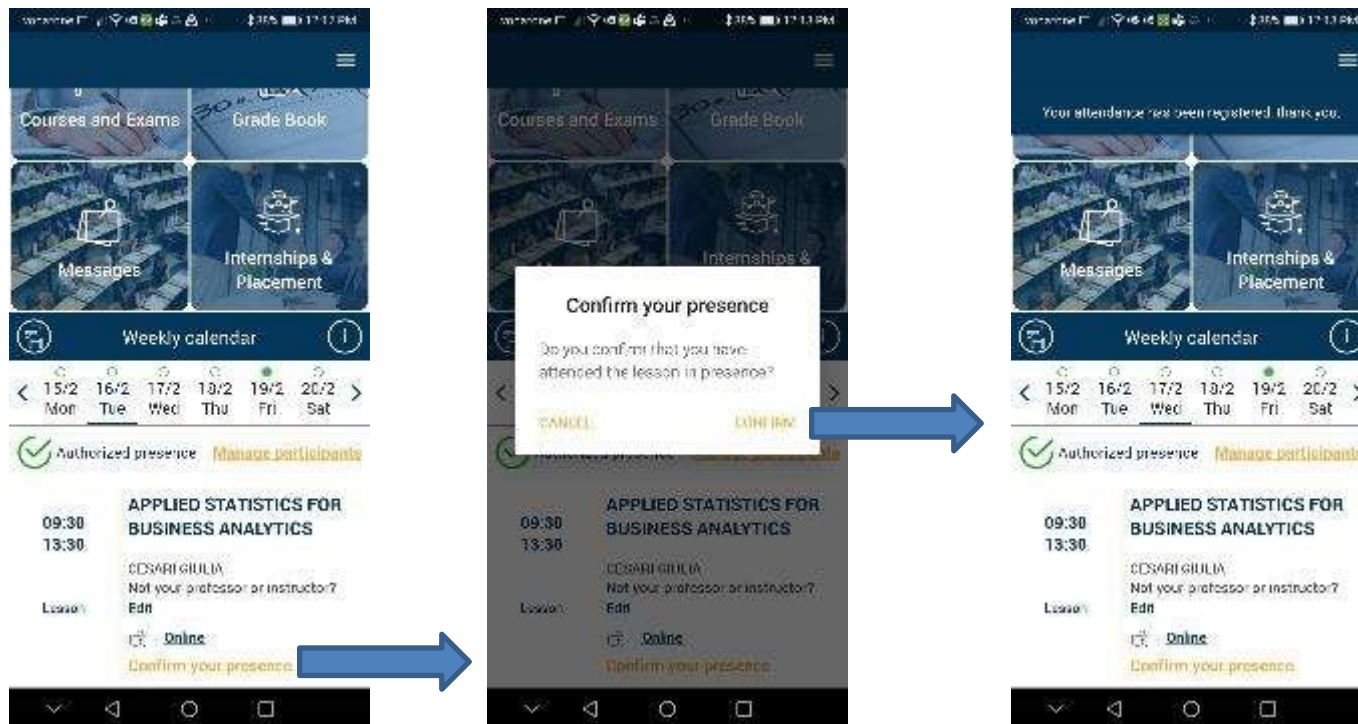

- On other days you will only be able to access the library STUDY ROOMS using the Affluences APP, upon reservation and subject to availability.

# Confirm presence during the lessons

- In correspondence with the lessons, the Weekly calendar also gives a **‘Confirm your presence’** (in person or remotely) link which allows you to confirm that you are present at a lesson in the classroom.
- The link also appears for online lectures as it could be used to confirm remote attendance.

# Exams with “In presence” option

- For exam sessions offering the option ‘select exam mode’, during registration you can select in-person or remote attendance.
- You will always be able to view your choice in the course details and you may be able to modify it within, and no later than, the deadline for the exam registration.
- Your selected method will be visible in the APP’s Weekly calendar in correspondence with the date of the exam session.
